that's dry, lacks firmness, or dull, making the whole
skin fresh and smooth. You are sure to feel the differ-
ence in skin permeability and lasting moisturizing
power!

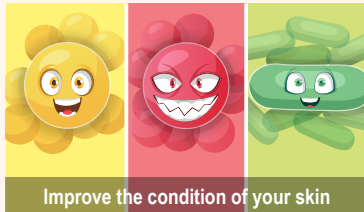

**Flora creates present and future beauty.
With Flora, you will love your natural skin.**

Originally, Skin has the power to heal itself to protect it from dryness and irritation, and the power to repair the damaged parts by external stimuli and regenerate it into a healthy state. "Flora" was developed with the aim of approaching the natural power of the skin, drawing out the original power and regaining the balance. In addition, the effect of the material itself enhances the natural healing power while caring for the skin, so that is a skin care series which is gentle on the skin and can be used safely by people with dry or sensitive skin with less irritation, which is fragrance-free, color-free, and contains high-quality naturally-derived ingredients for low irritation.

3 Features

Parunos Flora Premium Moist Cream

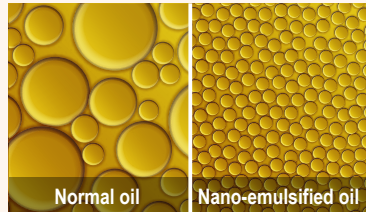

Point 1

Improve the condition of your skin

Improve the condition of your skin while maintaining your skin's balance of common bacteria. Pre-Biotic ingredients (Oligosaccharides, Fermented lactic acid bacteria extract) promote the cultivation of a good bacteria for beautiful skin, allowing you to thoroughly protect your skin from fluctuated condition while keeping your skin's balance of common bacteria. This product keeps your skin moist, leading to soft skin.

Point 2

Normal oil

Nano-emulsified oil

Nano-emulsified oil particles gently support your skin's barrier function and give the moisture into your skin that tends to be deficient. Nano-emulsification allows tiny oil particles to penetrate through the outer layer (cuticle) of your skin. This keeps your skin moist for a long time while protecting your skin from external irritants. Skin-beautifying ingredients further more support moisturization and barrier function.

Point 3

In addition to the natural cosmetic components such as Morus alba root extract (mulberry extract), Paeonia albiflora root extract, Saxifrage sarmentosa extract, that have a proven track record in Parunos skin care products, This product formulates Cosmetic ingredients such as Botanical extract, Hyaluronic acid, Coenzyme Q10, and Placental protein, effect on symptoms of aging, thoroughly moisturizing your skin and giving you aging care of your desire.

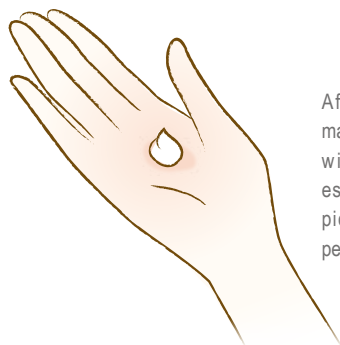

✓ Safe for your skin

Free of perfumes, synthetic colorants, petroleum-based surfactants, silicones, parabens, and ethanol.

How to Use

1

After washing your face, make a condition of your skin with a small amount of essence or lotion, and then pick up a small amount of pearl size.

2

Lightly spread over your entire skin and make a hand press (The warmth of your hands allows the cream to penetrate your skin more)
